THE TONE

WINTER 20/21

BEST OF BROTH WORLDS

A good bouillon is not only an important ingredient for a delicious risotto but also a strengthening winter drink. Swiss company Sirocco, which is known above all for its aromatic tea, has been offering a strong broth since 1941. The award-winning meat and vegetable bouillons are made without palm oil (using Swiss rapeseed oil instead) to a closely guarded family recipe. — MAP
